

The Chelsea uniquely combines elegance and functionality into 1986 sq. ft. The front foyer leads into the flex space that could be used in a variety of ways from an office, den, or formal dining room to a seating area for casual cocktails and conversation. From the flex room, you'll move into the open area of kitchen, dining room, and great room. The L-shaped kitchen has a corner walk-in pantry and island with flush eating bar. Every home comes with a built-in stainless steel dishwasher and built-in over-the-range microwave. The brightly lit dining room and spacious great room are perfect for family time. The 2nd floor has 2 secondary bedrooms and a master bedroom. The master bedroom has a walk-in closet and deluxe ensuite with soaker tub and stand-up shower. The 2nd floor also has a spacious bonus room with vaulted ceilings and arched entranceways.
